From Your President

Just when I thought that COVID was retreating and things were getting better, the variants and the non-Vaccination folks hit the forefront. I am not sure when our next meeting will be. Whitman still has their November 2021 Coin Show on the calendar; however, I really do not think that it will happen. As many of you have heard, the recent ANA annual convention was held and several days after the show, the ANA sent out an email announcement that several dealers and members of the public had contracted COVID at the show. Contact tracing had begun to find those who may be negatively impacted. I also had the personal experience that my club (Honolulu Coin Club) in Hawaii announced that the annual October Hawaii State Numismatic Association (HNSA) show had been canceled. Several reasons given: the COVID rate in Hawaii (a highly vaccinated state) had gone crazy high. Also, the Hawaii Convention Center where the show is held, informed HSNA that there were some new regulations concerning distance between tables, attendee numbers and flow; etc. The governor just recently asked for tourists to stay away from the islands during this time of emergency. My guess (not desire) is that we will now not meet until sometime in 2022. Sad but probably true. For all our members: MD TAMS operations continues as our Journal Editor (Jane) is giving us continued great Journals including an extra COVID issue in both 2020 and 2021. Thanks too to all the folks who continue to help MD TAMS improve its posture throughout this time without formal meetings or Swap Meets. I would like to specifically thank officers Bill Miller, Bryce Dozxon, and Bernie Bodt who volunteered to help gather our book and reference holdings and cull them to a minimum while donating some to non-profit charities and historical organizations. Also, I have been in frequent contact with Dave Bohaska, who for many years has provided a safe home for the MD TAMS Cabinet where we keep our club copies of the Journal as well as exonumia and ephemera donated to MD TAMS over the years. We are using this time to streamline these holdings too as well as getting an updated inventory for our current use. Many thanks to these five members. MD TAMS really appreciates your dedication and support. As they say in Hawaii: Mahalo Nui Loa (Thank you very much).

Earlier, I mentioned our Journal. Jane does a super job to keep them filled with very interesting material but she must rely on you, our members, to write these fine articles. Those regulars, please keep up the great job. Others, please do an article for the Journal and send it to Jane. Also, as a reminder, please try to talk with your hobby friends and get them to join MD TAMS. Stay safe and healthy so we can see you WHENEVER.

FROM YOUR EDITOR

Hello Fellow Members

I am looking forward to our next meeting together. As I am still stuck inside here, I remember all great members who have passed since Russ and I joined Maryland TAMS in the spring of 1981. A Baltimore Token by Way of West Virginia?

We all know the internet is a great tool for identifying maverick tokens. Add Newspapers.com to the mix & lots of options open for the researcher. Recently a token caught my eye on eBay & after a bit of “due diligence” I decided to buy it.

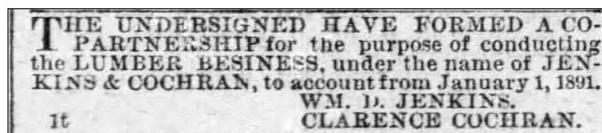

adjusted to view image

Good For / 1 Meal / At Camp Of / Jenkins & / Cochran (incused) // (blank), r, br, 32mm

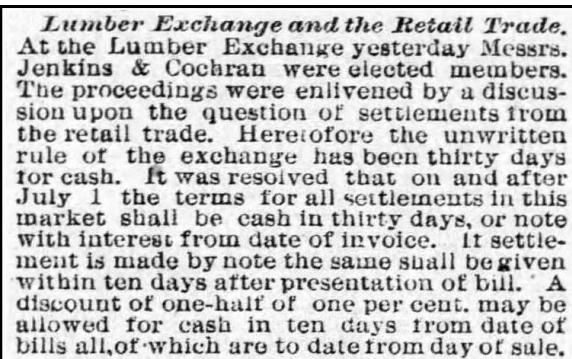

The token came from a seller in Ohio (it has “the look” of tokens made by Murdoch of Cincinnati from the late 19th century). A quick Google search identified a possible match. *The West Virginia Geological Survey, Volume 5, Forestry & Wood Industries*, 1910, authored by A.B. Brooks, states on P. 299, “Others who have operated portable mills are... Jenkins & Cochran near the village of Canaan” (Upshur County).

So far so good. Another Google source (*Charity Organization Society of Baltimore City for The Year Ending November 1, 1893*) listed “Jenkins & Cochran” as subscribers. Not much left though on Google besides these two sources that might help to identify the token.

The next step in the process was to search Newspapers.com using “Jenkins & Cochran” in the search engine. 22 matches were found, most of them too early or late to be of use, but 6 matches from *The Baltimore Sun* from 1891-1896 (plus one from the *Westminster Democratic Advocate*) proved to be very useful. A newspaper clipping from the *Sun* shows that William D. Jenkins & Clarence Cochran formed a partnership on January 1, 1891.

They were in the unfinished lumber business, which made an obvious match for the portable sawmill mentioned in the West Virginia source. They were elected to the Lumber Exchange in 1891.

They were listed in the R.L. Polk & Cos. Baltimore City Directories from 1891-1894, first at 305 Neal Bldg., swc Balto & Holliday and later at 65 Manufacturers' Record Bldg. but then their business failed. The "Panic of 1893" caused a great economic downturn & it is likely that Jenkins & Cochran's fledgling lumber business was a victim of the ensuing depression. By 1894 they had difficulties paying their creditors & raising new capital.

Jenkins & Cochran, well-known hard lumber dealers, Baltimore, have failed.

By August it was all over, after a little more than 3 & 1/2 years.

Business Troubles.—Wm. D. Jenkins and Clarence Cochran, dealers in hardwood lumber, under the firm name of Jenkins & Cochran, made an assignment for the benefit of creditors yesterday to Theodore F. Wilcox and John C. Hiss, trustees. The bond was for \$40,000, double the estimated value of the assets. The liabilities, it is said, are between \$25,000 and \$30,000. The firm has offices in the Manufacturers' Record Building and sells unfinished lumber.

So, the question is raised, is the token an issue of the Jenkins & Cochran of Baltimore? The style of the token matches the period in which it would have been used & it is probable that a token used in West Virginia could have been made by a prominent Ohio token maker. Jenkins & Cochran were in the unfinished lumber business & it makes sense that they would have lumber camps in adjacent states where lumber was plentiful. The "1 Meal" denomination would fit for use in a lumber camp too. If the token had been made by Dorman any doubts in my mind would have been erased, sadly this not the case.

All of this is speculative, but it looks to me to be a match. But whether one agrees or disagrees with the conclusion reached it's been a lot of fun doing the detective work & coming up with an answer.

Hobbit Panzi before he operated Columbus Park he had a Liquid sore at 2432 Ashland Ave. from 1899 to 1910. He ran the Columbus Park in Back River from 1911 to 1918. It was a favorite location for amateur baseball teams to compete in games. In the Fall Soccer teams used the soccer fields in their playoffs. One of the clubhouses housed Panzi's store. The Clubhouse also held pocket-billiard tournaments. In the 1910 Census he was listed as a grocery store at 210 Eastern Ave. He later established a liquor store at 12-14 S Patterson Park Ave. He was from Italy and his last name is a bit confusing. He is listed as Hobbit, Hobbib, Habibb, Hubbard and Habbit. At least there was only one Panzi in the directories

Shakey's Pizza Parlor began in 1954, when Sherwood "Shakey" Johnson opened the first Shakey's Pizza Parlor in Sacramento, California. Originally called "Ye Public House" for pizza & beer. With his passion for Dixieland jazz the live ragtime music with banjos and player pianos was added. Added slogans known with the Shakey's Pizza Parlor were: "The World's Greatest Pizza" or "You'll have fun at Shakey's, also pizza" and "You can feed your face at any old place, but you can warm your heart at Shakey's". It was the first pizza chain to franchise in 1959 — a year before its rival, Pizza Hut.

It was a family pizza restaurant with unique live entertainment and great pizza that was Johnson's family recipe. Shakey's was a restaurant chain with over 500 locations which operated in 46 states as well as Mexico, Canada, Japan and the Philippines. In 1967, he sold half of his interest in the restaurant for about \$4 million. In 1988 there were 375 Shakey's stores in the world (most of them overseas).

Sherwood "Shakey" Johnson died on November 5, 1998 in California.

Some of the Shakey's restaurants in Maryland were located in Frederick (1975), Hagerstown (1975), Gaithersburg (1984), Rockville (1985), Cockeysville (1973), Adelphi, Olney and others. The parlors usually seated approximately 150 peoples and opened weekdays from 11am till midnight and on weekends from 11am till 1am.

As of 2018, there were 51 Shakey's Pizza Parlors in the United States. California had 48 locations. Only one restaurant was established east of the Mississippi River, Auburn, Alabama closed in April 2019. There were still ones open in Washington state and Mexico.

You may also remember Farrell's & Chucky Cheese restaurants that followed it.

The Rail Grill was located at 119 - 121 W. Baltimore St. near Hopkins Place from 1927 to 1940. In 1929 the owner opened its UNDERGROUND GRILL and a large Raw Bar. It was under the management of Mr. Joe Berney. In 1930, the Rail Grill offered home delivery service of their delicious dinners when they received a telephone call with an order (Calvert 4131). The owner was Cornelius Alfred Levy who put the restaurant bar up for auction in 1940 because he declared bankruptcies because he owed money to more than 35 suppliers.

BRYCE DOXZON: A NUMISMATIC RETROSPECTIVE

Most of you know of or have met Bryce Doxzon. He is a relatively quiet and low-key person. This outward calm masks a very dedicated numismatist with over forty years of experience. Even though he is younger, Bryce was well involved in formal numismatics when I got the bug and joined several of the organizations of which Bryce was already an highly active member.

Bryce is a true collector at heart. His primary area of interest is medals; especially United States presidential and Inauguration medals. A key and important part of his hobby interests is exhibiting his material. This gives him a chance to display his items of interest but more importantly to share the history surrounding these keepsakes with others, both other collectors and the general public. Bryce has exhibited at local shows and national shows to include ANA conventions around the country. His exhibits are certainly worth the time it takes to peruse them. He has had winning exhibits at some shows but the important factor to him is sharing his knowledge and material with others.

He belongs to many numismatic and exonumia organizations. When I say belongs, that is an understatement. Bryce is always a very active member of any organization to which he belongs. He has held various key positions with almost all of these organizations. That quiet guy you see is a behind the scenes dynamo, providing his dedication, professionalism, hard work and sage advice. Any club to which he belongs reaps the benefits of Bryce's team spirit and tireless efforts.

Go to any Pre-COVID numismatic event in the Baltimore area and you could find Bryce Doxzon there, helping out, performing a critical function, running an activity, taking registrations, coordinating exhibits or just making himself useful. His dedication to our hobby community is boundless, both at the local and national level.

He served as the Exhibits Chairman of two consecutive ANA World's Fair of Money shows in Baltimore (2003 and 2008), and as the Publicity Chairman of the 1993 Baltimore ANA Anniversary Convention. He has taken his experience at coordinating exhibits to new levels, now doing the job every year at the Whitman Baltimore Spring show under the auspices of the Maryland State Numismatic Association (MSNA), where he solicits for exhibits, manages the exhibit area, serves as Chief Judge and presents the awards. In addition he has exhibited at ANA shows and is a qualified ANA judge. He is the ANA Club Representative for the Catonsville Coin Club, a job he has held for years. He was appointed to the ANA Exhibits and Awards Committee for 2013-15.

On the local level, he has held the President and Vice President offices in three clubs, Secretary in four, and Treasurer in two. Note that he has been the Secretary of MSNA for over twenty five years. Additionally, he has served as Publicity/Advertising Chairman in two clubs, and the Program Chairman for one. He has designed medals for two clubs, one national and one local.

He has the respect of all who work with him. It is for such reasons that Bryce was nominated and received the ANA's prestigious Glenn Smedley Award. Bryce's numismatic affiliations are

numerous and so are the key positions he has held and the activities that he has led and supported. His involvement is never casual, it is very proactive, focused, professional and success oriented.

Here is the very impressive list of organizations to which Bryce belongs and the important roles he has held:

American Numismatic Association: (ANA) Exhibits and Awards Committee, Exhibitor, Glen Smedley Award winner (2016)

Maryland State Numismatic Association (MSNA): Secretary (28years), Publicity/Advertising chairman

Maryland Token and Medal Society (MD TAMS): President, Vice President, Secretary

Baltimore Area Numismatic Coalition (BANC): Registration Co-chairman, Secretary,

Publicity/Advertising chairman (over 40 coin shows in 15 years)

Baltimore Coin Club (BCC): President, Vice President, Secretary, Treasurer, Whitman Show Registration volunteer

Catonsville (MD) Coin Club: President, Vice President, Secretary, Treasurer, ANA Club Representative, Program Chairman

Token and Medal Society (TAMS): Annual Medal Design Winner

Medal Collectors of America

This Retrospective on Mr. Bryce Doxzon is being written now because after all his considerable contributions, activity, and guidance in support of these organizations, he has regrettably had to terminate most of his key functions except his membership. Bryce was diagnosed with ALS a few years back but kept executing his critical functions and provided needed support to his clubs and their activities. His debilitation has made it necessary to stop his extremely long record of such critical support. As a member of these organizations, Bryce plans to be as active as possible but can no longer hold key positions. With this in mind, the Maryland State Numismatic Organization (MSNA) and the Maryland Token and Medal Society (MD TAMS) wanted to make sure that we publicly thanked Bryce and recognized all his long-standing and impressive contributions to our organizations and our hobby. THANK YOU BRYCE !!!

Please Keep Bryce and his health in your thoughts and prayers.

NB: I want to thank Mr. Robert Fritsch (ANA, MD TAMS, TEC) for sharing the ANA Glen Smedley Award submission data with me. It was used freely in this retrospective.

AARON PACKARD HAS SUPPLIED US THIS INFORMATION.

By the way... friendly FYI... I thought I'd mention in case you might be interested... there's a group on Facebook called "World of Tokens." There's several of us on there who you both likely know. There's about 1500 members. I came across it by accident several years ago. I participate to try to encourage more enthusiasm / interest for tokens.

Now and then there are some interesting posts.

Just tonight, a guy out of Colorado posted a few specimens he recently metal detected at an old mining camp in Colorado. Among the tokens/coins he found was a William Numson & Sons token.

Anyways... here's the link in case you're interested: <https://www.facebook.com/groups/148264702246327>. Click the Join button to join.

This is a combined list, the only way I have it available. It is arranged in zip code order and was designed as a mailing list for the industry. Most of the arcades were personally visited during the period from 1986-1988 in the following states: Florida, Georgia, Kentucky, Mississippi, New Jersey, New York, Pennsylvania, Texas. This includes ALL known locations as of the time the trip was made in the state (included all sparsely populated areas). This site was established in March, 2011.

Charles W. Huneke ran Chick's Café at 4813-15 Belair Rd. & Southern Ave. in Gardenville from 1909 to 1930. In the 1928 directory Charles's information read 4813-15 (925) Belair Rd. Note: it appears that this 1928 Baltimore directory had some of the County address changes like those that Baltimore City did in 1884. He died in 1930 but it looks like his son Charles W. Jr. continued the café until 1938.

CHESAPEAKE CHAPTER U.S.L.H.S.

(UNITED STATES LIGHTHOUSE SOCIETY) from Dave Bohaska

For those who collect Maryland wooden nickels or play money, there are some sets left over from previous Chesapeake Lighthouse Challenges. These souvenirs were initially free, but required driving all over coastal Maryland, and in some cases, paying museum or park entrance fees. The good news is that the Chesapeake Chapter is selling sets at reasonable prices. The bad news is that the sets do not include the souvenir you got for visiting all the mandatory lighthouses and completing the challenge. The two sets of most interest to MD TAMS members are:

Seven Foot Knoll 1855
Point Lookout 1830
Fort Washington 1882
Hooper Strait 1879
Chesapeake Lightship 1930

reverse

Piney Point 1836
Concord Point 1827
Cove Point 1828
Drum Point 1883
Turkey Point 1833

2005 - 3rd Maryland Lighthouse Challenge. The Wooden Coins. The wooden coins are 2" rounds and 10 designs are outline sketches done by Donna Elias. The set includes a drawstring bag. \$5.00

2013 Maryland Lighthouse Challenge +1 optional “Beacon Bucks” A tribute to Chesapeake Bay lighthouse keepers, each of 14 bills has a photo of a different lighthouse and a former keeper at that lighthouse (with one exception). The set includes 15 different, 2.5" x 6" “beacon bucks” for all the lighthouses in the 2013 Maryland Lighthouse Challenge, including the+1 in the event - Jones Point Lighthouse in Virginia, plus a special “The Beacon Buck Story”. (The illustrated bills are the front of one and the back of a different one). \$5.00 per set.

The link to the Chesapeake Chapter of the US Lighthouse Society and its souvenirs is here:

The Chesapeake Chapter has a lighthouse challenge biannually, with the next challenge in September 2022; the souvenirs and exact dates have not been announced yet. Other souvenirs have included stamps, drink coasters, and magnets. They have volunteers at each site to provide a souvenir and answer questions. Almost all lighthouses and related sites nationally have a stamp, which can be applied to a lighthouse passport, for a small donation to the site, as a way to support lighthouse preservation.

14 Mar 1901

Mr. Chas. N. Hauer
Of Frederick, Md., suffered terribly for over ten years with abscesses and running sores on his left leg. He wasted away, grew weak and thin, and was obliged to use a cane and crutch. Everything which could be thought of was done without good result, until he began taking Hood's Sarsaparilla which effected a perfect cure. Mr. Hauer is now in the best of health. Full particulars of his case will be sent all who address C. I. Hood & Co., Lowell, Mass.
HOOD'S PILLS are the best after-dinner Pills, assist digestion, cure headache and biliousness.

1894 AD The News

In 1879, Charles Hauer was the Secretary of the Frederick County Retail Liquor Dealers Association. Charles Hauer died on March 15, 1901 at his residence on South Market St at the age of 42. He died due to pneumonia. He was buried at Mt Olivet Cemetery in Frederick, Md.

The Hood's Sarsaparilla ad above is from 1893 the year that Mr. Hauer had a fracture of his leg. It was nice that his image was on the ad. In 1897, he couldn't get a break when 2 vicious dogs attacked him and bit his left leg.

I am adding this article because we are all collectors of coins, tokens and medals. Mr. Hauer was a numismatist with a very nice collection of coins and notes. Wonder if he had any tokens?

Half dollars, from 1810 to the present date. A half dollar bearing the date of 1815, which is considered very valuable, and others up to present date. Copper cents from 1796 to present time, one bearing the date of 1800 is very valuable. Half cents from 1803 to 1810, a coin bearing the imprint of Pope Pius IX, and also in the collection is a variety of small coins of various countries, Confederate bank notes, paper 10, 25 and 50 cent notes, the old and well-known shinplasters which were in use during the war.
